# AMBIENT PERFORMANCE

Ambient performers are “background” entertainment which can be the perfect addition to your cocktail hour or event where the spotlight isn’t necessarily wholly on the performer. From roaming stilt walkers and jugglers, to stationary aerialists and contortionists, ambient performance is the most popular entertainment for events.

Roaming circus performers and ground acts will perform in intervals of ten (20) minutes, with ten (10) minute breaks in between. If continuous ambient performance is desired, a minimum of two (2) performers must be booked.

Per performer per hour.....\$400  
 Per performer per additional hour.....\$100

It’s no secret that part of the draw of aerial entertainment is the danger element in watching gravity-defying feats. Our goal is to provide quality entertainment that is enjoyable and safe for performers and spectators alike! We require a minimum number of aerialists to ensure safety and top quality performance. For ambient aerial performance without any gaps, a minimum of two (2) aerialists per rig point must be booked. For ambient aerial performance in excess of 2 hours, a minimum of three (3) aerialists per rig point must be booked. An additional aerialist will be required for each subsequent hour in order to maintain safe intervals for the performers.
